NEW LANDSCAPE LIGHTING CONTRACTS
Not valid with any other offer or promotion. Valid with new landscape lighting contracts signed thru May 31, 2010.

Dear Brian,

We wanted to take this time to thank you for being one of our valued customers. The purpose of this mailer is to notify you of our Turn-On schedule.

On our service call we will:

- ✓ Turn your system on, set the timer and review the operation of the system and cycle with you.
- ✓ Reconnect your back-flow device if needed.
- ✓ Check and adjust your sprinkler heads for proper coverage. Check all valves and check for leaks in the system.

The above price includes the first 45 minutes of labor to repair the system. If your system is no longer under warranty, any labor after the first 45 minutes will be billed at \$95.00 per hour for the first man-hour and \$45.00 an hour for each additional technician needed on-site to repair the system. If your system is no longer under warranty, the above price does not include any and all parts needed to repair your sprinkler system in order for it to be turned on. Extensive repairs that may take over 2 hours may need to be rescheduled.

Thank you for being a great customer and we look forward to seeing you soon!

Thank you again,
Reed and Ryan
Owners
